## PERSONAL STATEMENT

I'm a warm welcoming but also hardworking and passionate student currently attending Marian College. I Am mature , responsible, organised and an attentive student eager to find a job. I can easily fit into new working environments and open to learn new things which has allowed me to approach tasks or situations easily. Due to all my extra curricular activities over the years I have been able to gain excellent skills in working in a team as well as individually, allowing me to gain skills in communicating and serving customers .I believe in having an open mind when walking into new places and that working hard and being determined will help me succeed my goals in life. As Well as applying all my skills and attributes I have learnt from school and working at stools into the new working environment and life events ahead.

## EXPERIENCE

### Food stools

experience from doing food stools for school cultural and sport events. As well as food stools and clothing stools for family fundraisers over the years. Allowing me to gain skills in using money, customer service skills, quick thinking, cooking and teamwork skills.
